About the University

Indus University has been established with the objective of making a noteworthy contribution to the social, economic and cultural life of our country. Having faith in the power of education, the builders of this university intend to impart knowledge to youngsters of society.

The three pillars on which this university firmly stands on are – educational wisdom, professional brilliance, and research & innovation, all of which are aimed at nurturing a spirit of entrepreneurship and social responsibility.

To build proficient entrepreneurs, who can constructively contribute to the society with their leadership and 'out-of-the-box' thinking skills, Technology and Smart Solution Centers (TSSC) has been established. It provides an open platform to creative minds, smart enough to create innovative ideas and implement them successfully. In addition, these centers endorse cutting-edge innovations in the domain of engineering, aviation, robotics, and more.

Indus University offers UG, PG and Doctoral degree programme in diverse disciplines of engineering. It has six constituent institutes.

- Institute of Technology & Engineering
- Institute of Management Studies
- Institute of Special Studies
- Institute of Sciences Humanities & Liberal Studies
- Institute of Faculty Training & Development
- Institute of Design Environment and Architecture

About the Institute

Indus Institute of Technology and Engineering is one of the flagship institutes of Indus University. It aims at providing innovative education on par with the industry needs and marshals the brightest minds as a global pool of professionals. At ITE, we offer UG, PG and PhD programmes in various streams of Engineering.

About E&C Department

The department of Electronics & Communication engineering started in 2008 at Indus Institute of Technology and Engineering. In addition to imparting high quality teaching, the department offers excellent technical support for research and opportunities to work in industrial projects.

The Department offers following courses

- B.Tech (EC) - 60 seats
- M.Tech (Digital Communication) - 18 seats
- M.Tech (VLSI & Embedded Systems) - 18 seats
